

# Couchiching Heights Week at a Glance

**June 12 – June 16**

## **Weekly Highlight:**

### ***Gifted Screening Process***

Students who display an advanced degree of general intellectual ability require additional program support in order to reach their educational potential. This support may be through enhancing the curriculum, differentiated instruction and through providing program modifications. This type of programming is important to engage, motivate and challenge students who are identified as gifted in either the regular classroom or in gifted classroom placements.

Parents/Guardians of a student who will be in or above Grade 3 in the next school year, who wish to nominate their child for gifted screening are asked to contact one of the Special Education Resource Teachers at the school, or Mrs. Cook, before then end of October 13<sup>th</sup>, 2017. Students may be nominated by either a teacher or a parent/guardian.

A letter examining the gifted screening process in greater detail will be sent to parents/guardians of students in Grade 3 in September. Parents/Guardians will still have the opportunity for nominating their child in September and October. If you require further information about the gifted screening process, please contact the school.
